

When should you use online doctor visits?

A FlexCare online doctor visit is a great way to treat routine medical conditions. Fast, easy, convenient and FREE!

You're not feeling up to leaving home

You want to avoid the high cost of Urgent Care or the ER

You don't want to take time off work

Your doctor isn't available

It's hard to get to the doctor's office

You need a short-term refill on a prescription

It's after hours, the weekend or a holiday
